OUR BLESSED SERPENT
ISLE

Our beloved Serpent Isle
is the prettiest country
there is. No place can be
more enjoyable for
mankind. It is so peaceful.
There is no anger or
distrust in the population.
Everything is balanced,
people live together well.
There cannot be any
other place in any other
dimension that could
possibly be more peaceful
or more blessed with
beauty. Only balance is
responsible for the
well-being of this country.
Only balance makes it
possible for people to live
together in peace. Only
balance will provide good
harvests, which provide
enough food. People that
have enough to eat are
happy and do not have to
worry whether they are
going to live to the next
day. Balance is the
ultimate way to freedom
and peace. The beauty of
our country cannot be
put into words. One must
go and discover it for
himself.
